GUIDELINES / INSTRUCTION MANUAL FOR ONLINE CHOICE FILLING & LOCKING OF PG (MEDICAL / DENTAL) SELECTION FOR THE STATE QUOTA SEATS ** No Choice locking will be available for Post MBBS-NBEMS Diploma

**Choices once Locked cant be Unlocked. And No way locked Choices can be edited or modified. Since Choice Lock is an OTP based system, no claim will be entertained regarding auto locked or someone else locked which are baseless.

Candidates are advised to fill their preferred choices and lock their choices from any Computer having god access to internet connectivity. Since this choice filling and locking process consists of various numbers of available choices for each of the candidates in all available streams of all colleges, this may require quite good internet bandwidth, failing which possibilities of error like "the page cannot be displayed", some technical glitches like perfect downloading of the symbols, after clicking an option, not responding immediately etc.. may arise. So, if this kind of situation arises, the candidates are advised not to be worried, rather they can go for better bandwidth connectivity or they can try later. Otherwise, in the worst case, the candidate can take the help of the technical help line during the office hours.

In some cases, the candidates used to forget their passwords that they have mentioned during their registration. In these cases, only passwords to be intimated to the candidates after receiving the complaint by e-mail only to <u>_</u> <u>dmethelpline@gmail.com</u>

Also, in some cases, if the candidates face problem of inactive of any links or buttons, then this is the problem of the old version of any browser. So, the candidates are advised to use the latest version of any browser like Google Chrome, Internet explorer, Mozilla Firefox, Opera etc. (preferably any recent versions)

**Candidates are advised to cross check the availability of Choices which they can find after login and match with the seat matrix published and if any discrepancies found, need to be brought to the notice of Technical Team / Convener office for necessary action. Also candidates are advised to cross check that the available choices are shown to them are correct for their Category (reserved / type Dir-Ins) as the case may be. If any body find any difference, bring this to the notice of the Convener office/Technical Team immediately before exercising their choices. If any body exercises which does not belong to his/her category, then the total given choices will be rejected and the authority will not hold responsible for this.

11)Once the Choice filling is over, the Candidate can **Click "LOCK CHOICES**" button and he / she will be opted for entering an OTP received in his/her registered Mobile. Once OTP is given, the choices will be locked.

- 12) Some candidates, in general used to save the Choices without locking their Choices due to some reasons. In these types of cases, there is no guarantee that the submitted choices are Saved perfectly. Though the Candidate could have clicked "SAVE" button, if the internet connection is slow, the choices are not saved properly, and because of this, the Candidate will not be allotted any seats and the authority will not hold responsible for this.
- 13) So, it is always advisable to LOCK the Choices by entering the OTP and the candidates should take the print outs of the Locked Choices for their future reference.

<u>Step-5</u>

 After successfully taking the Print outs of the Choice Locked details, the Candidate can Click the LOGOUT option present in the bottom of the left side menu or they can click the Home option and then can click the Logout button to complete Logout of the System.

Step-6

 After the Allotment is done by the Convenor, the Candidate can log in again in the above process and can Click the Link ALLOTMENT LETTER from left side links. And can take the print of the downloaded Allotment-cum-Admission letter.
